Baker

Chester

Chief

Clay

Lola

Lulu

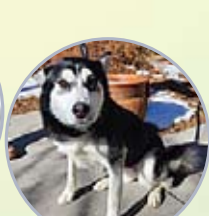

Luna

BAKER is doing great. It is like he has been here forever. He and my female are in love, and they wrestle and tussle out in the yard. We have an acre, so they have a lot of area to run in. She is trained and he is a puppy and full of mischief, but he catches on fast. **CHESTER** is doing great. He wasn't here even 6 hours and he started to warm up. The first day or two he did the hound dog howl, then he was fine. He does a warning growl and then we can pet him. He's our third rescue. We like having rescues because we can help repair any damage done to them. **CHIEF** is really, really happy here and he is such a blessing for us. He and our other dog Zulu (Rhodesian Ridgeback) love to play aggressively. He is very obedient and really listens. We've named him Max. **CLAY** is a great joy and a nice addition to the family. We have had several rescue dogs and I must say he is a sweetheart of a dog. Very calm and relaxed. I'm very impressed. **LOLA** is doing great and she loves it here. My sister is a professional dog trainer so she is here to help if we need her. **LULU** just got away from the shelter and became so laid back. She's doing well just being a house dog. She's great as long as she doesn't see other dogs. I have no intention of getting another dog and no dog parks, so she can live out her life here. **LUNA** is still working on her abilities to be social but she is doing really great.

Polly

Schatz

Basil

Cilantro

Dill

Ginseng

POLLY is awesome, wonderful and a sweetheart. We have a chocolate Lab and they love playing together. **SCHATZ** goes to work with me and walks around the job site. She is totally safe where I am. Her name is Lola. **BASIL** has been renamed Maverick and he is doing wonderfully at our home. We have a Golden Retriever that is a year and a half, and they love each other. We have children and he is fitting in just beautifully. **CILANTRO** is now Dozer-Cilantro. He's a fun little puppy. We have 2 other dogs. The older one doesn't care, and the 4-5-year-old is still angry with us for bringing the puppy home. Of course, the puppy goes straight to that one and then he just walks away. I'm sure they will soon warm up. **DILL's** new name is Huck and he is doing fabulous. His big sister, our Lab, play constantly. He is a smart little dog and in just a couple of weeks, using a clicker, he is picking up on the training. **GINSENG** is a puppy LOL. He's really good playing all the time. He's the sweetest little boy ever. We've named him Brutus because he is going to be a big boy.

Lavender

Mint

Oregano

Parsley

Saffron

Valerian

LAVENDER Everything is going great. She is getting used to me and the other dog: an older Chihuahua. He lets her play with him. Her new name is Bailey. **MINT** can already sit and shake. Trying to get him used to going outside a bit. He's already grown. We've named him Rocky. **OREGANO** So far things are going well, and crate training is working well. Our other dog Duke (Retriever) has finally warmed up to hm. We kept Oregano for his name because we thought it was cute. We call him Reggie for short. **PARSLEY** is doing great. She's got a little friend here, our mini poodle, and they have the best time. They are just adorable together. **SAFFRON** is doing great. We have an older female dog, and it took about a week for them to get to know one another. Now they play. Her new name is Cookie. **VALERIAN's** new name is Birdie. We got a crate, did a pen area with the pee pads. She pushed the gate open and slept on the carpet by the couch, so we put her bed there. Then my husband fixed up something so she can get up on the couch so now she sleeps there.
